STAFF REPORT

TO: Utility and Infrastructure Board (UIB)
Brian Newton, City Administrator
Troy Schaben, Assistant City Administrator - Utilities

FROM: Jody Sanders, CPA, Director of Finance

DATE: April 30, 2019

SUBJECT: Claims

Recommendation: Move to approve April 10 through April 30, 2019 claims, as well as subsequent claims due and payable before the next meeting of the UIB.

Background: Staff is requesting approval by the UIB to pay claims that will become due and payable (by virtue of contractual agreements or regulatory requirements) before the next UIB meeting.

The amount due is not known as of this staff report, but the related vendors are listed below. These approved claims will still be presented as claims at the next UIB meeting and included in the total requested by Council for approval.

- Direct deposit of employee payroll on May 2, 2019 and related withholdings remitted to pension plans, federal and state tax withholdings, and garnishments.
- Nebraska Department of Revenue – all sales tax collected and use tax owed by the utility departments.
- Transmission and energy purchases payable to Southwest Power Pool, every Tuesday.
- Construction, transmission and energy purchases payable to Omaha Public Power District.
- Natural gas purchases from Northern Natural Gas/US Energy, BP, Cargill and Central Plains Energy Project (CPEP).
- Coal purchases from Cloud Peak Energy Resources, and Peabody Coal, and freight charges to Union Pacific.
- UPS weekly invoice for shipping costs, due within ten days or late fees are incurred.

There are a limited number of agencies that debit the City's bank account for credit card processing fees, kiosk fees, and bank analysis. These are based on a fee schedule.

Fiscal Impact: Utility funds claims total **\$ 4,092,242.35**

STAFF REPORT

TO: Utility and Infrastructure Board
FROM: Nicholas Brand, Director of Information Systems
DATE: April 30, 2019
SUBJECT: Renew Primary Rate Interface (PRI) contract with Centurylink

Recommendation: Approve resolution to accept proposal from Centurylink

Background: Contract is a renewal of previous PRI contract for phone service through Centurylink for 36 months. Two PRI lines, one at the City Municipal building and one at the utility warehouse. This redundancy allows for phone services to be maintained during outages at the either location to lessen disruptions to city services.

Fiscal Impact: Total monthly \$1,100 monthly for 36 months for total of \$39,600.

CENTURYLINK® TOTAL ADVANTAGE® EXPRESS – AGREEMENT – Summary Page

This CenturyLink® Total Advantage® Express Agreement is between **CenturyLink Sales Solutions, Inc.** as contracting agent on behalf of the applicable CenturyLink company providing the Services under this Agreement ("CenturyLink") and **CITY OF FREMONT - NE** ("Customer" or "You"). The name of the CenturyLink operating company providing Services to Customer is listed in the service-specific terms and conditions. CenturyLink may withdraw this offer if Customer does not execute and deliver the Agreement to CenturyLink on or before **May 26, 2019** ("Cutoff Date"). Using CenturyLink's electronic signature process for the Agreement is acceptable.

1. Services. CenturyLink provides Services under the terms of this CenturyLink Total Advantage Express Agreement and Summary Page including (a) the Terms and Conditions following the signature block, as more fully described in "Section I. General Terms and Conditions" of the Detailed Terms and Conditions ("DT&C") at: <http://www.centurylink.com/legal/DT&C/v85.pdf>, (b) the service-specific terms and conditions applicable to the Services in "Section II. Additional Service-Specific Terms and Conditions" of the DT&C, and (c) the supplemental terms and conditions (if any) for which links have been provided below the pricing table(s) in this Agreement or in a valid CenturyLink quote that references this Agreement (collectively the "Agreement.") Provisions that are applicable to a specific CenturyLink company are so indicated. All general provisions are applicable to services provided by the CenturyLink company providing the Services under this Agreement. For an interim period of time until all work is completed to update the Service-specific provisions, various on-line offer provisions, Tariffs and other terms and conditions incorporated by attachment or reference into this Agreement, all references to Qwest Communications Company, LLC mean CenturyLink Communications, LLC f/k/a Qwest Communications Company, LLC.

The following Services are incorporated into the Agreement:

ISDN PRS, DSS

The following additional terms and conditions apply to ISDN PRS, DSS Service, and are incorporated herein by reference: the General Terms Applicable to All Services and ISDN PRS, DSS sections in the DT&C.

See Exhibit 1 for ISDN PRS pricing Details

The following pricing is available for Customer's switched intrastate and interstate long distance and toll free. By accepting the following pricing, Customer agrees to the additional terms located at: <http://www.centurylink.com/legal/rmqctae/ldtfforisdnprr/v1.pdf>.

two circuits with 10,000 minutes of CenturyLink switched intrastate and interstate long distance and toll free per month waived	\$0	\$.03 per minute	LD10000BKT13

2. Rates

2.1 Rate Changes. Rates apply only for the above Services and Service Address(es) and will not apply if Customer moves a Service Address or changes any of the Bundle or Service Details. The rates for Local Access Service and CPE Purchase may be subject to valid quote forms, which control if they conflict with the rates listed on this Summary Page, all of which are subject to change.

2.2 Additional Charges. Additional charges may apply. Rates and charges for Service elements not identified appear in the applicable terms and conditions. Rates do not include foreign, federal, state or local taxes, surcharges, fees, EAS, Zone, CALC, or other similar charges.

3. Term and Termination.

3.1 Term. This Agreement is effective on the date all parties have signed below ("Effective Date") and continues until expiration of all Orders placed under this Agreement. Service Terms begin on their Start of Service Date and automatically renew unless terminated by either party. The Start of Service Date, renewal periods and renewal period rates are described in the DT&C, Bundle or Package Provisions, Service Provisions, or in an applicable Tariff, RSS or ISS.

3.2 Termination. If Customer gives notice of cancellation or termination, disconnects any portion of a Service or breaches this Agreement resulting in the termination of a Service before the end of the applicable Service Term, Cancellation Charges will apply as set forth in the applicable terms and conditions.

4. Amendments. At CenturyLink's sole discretion, the parties may amend the Agreement to add additional CenturyLink services. Except as otherwise expressly permitted in the Agreement, amendments must be in writing and signed by both parties' authorized representatives.

TERMS AND CONDITIONS

1. Additional Terms and Conditions. Customer understands that the DT&C and other provisions identified in this Agreement ("Other Provisions") contain additional important terms and conditions that apply to the Services, including, among other things, confidentiality obligations, disclaimer of warranties, indemnification, shortfall charges, minimum-service terms, early termination charges, and jury-trial and class-action waiver.

2. Payment. Customer must pay all charges within 30 days of the invoice date except for CenturyLink QC charges, which Customer must pay by the due date on the invoice. Charges not paid by their due date are subject to late payment charge of the lesser of 1.5% per month or the maximum rate allowed by law or required by Tariff. In addition to payment of charges for Services, Customer must also pay CenturyLink any applicable Taxes (which is defined in the DT&C and may include surcharges, fees, and other similar charges) assessed in connection with Services. Customer's payments to CenturyLink must be in the form of electronic funds transfer (via wire transfer or ACH), cash payments (via previously-approved CenturyLink processes only), or paper check.

3. Notices.

(a) All notices must be in writing. Notices are deemed given if sent to the addressee specified for a party either (i) by registered or certified U.S. mail, return receipt requested, postage prepaid, three days after such mailing; or (ii) by national overnight courier service, next business day; or (iii) by facsimile when delivered if duplicate notice is also sent by regular U.S. Mail.

(b) **Service Notices.** All Customer notices for Service disconnect and termination must be sent via e-mail to: CenturyLink, Attn.: BusinessDisconnects@centurylink.com, except that for Services purchased under the CPE Products & Services; Professional Services Section of the DT&C Customer notice must be provided to the customer care number specified on Customer's invoice, and must contain the account name, account number, identification of the Service(s), and Service address(es). Such disconnect and termination is effective 30 days after CenturyLink's receipt of the notice, unless a longer period is otherwise required by Service-specific Terms and Conditions below. Customer's notice of non-renewal for Services must be sent via e-mail to: CenturyLink, Attn.: CenturyLink NoRenew, e-mail: Norenew@centurylink.com. All Customer notices for other routine operational notices will be provided to its CenturyLink sales representative. Failure to provide disconnect, termination and non-renewal notices in accordance with the terms of this Agreement may result in continued charges, and CenturyLink will not credit charges for such noncompliance.

(c) **Legal Notice.** All legal notices required to be given under the Agreement will be in writing and provided to CenturyLink at: 931 14th Str., #900, Denver, CO 80202; Fax: 888-778-0054; Attn.: Legal Dept., and to Customer as provided in the Agreement or in its absence, to Customer's address reflected in CenturyLink's records Attn. General Counsel.

4. Credit Approval. Provision of Services is subject to CenturyLink's credit approval of Customer. As part of the credit approval process, CenturyLink may require Customer to provide a deposit or other security. Additionally during the Term, if Customer's financial circumstance or payment history becomes reasonably unacceptable to CenturyLink, CenturyLink may require adequate assurance of future payment as a condition of continuing CenturyLink's provision of Services. Customer's failure to provide adequate assurances required by CenturyLink is a material breach of the Agreement. CenturyLink may provide Customer's payment history or other billing/charge information to credit reporting agencies or industry clearinghouses.

5. Disclaimer of Warranties. EXCEPT AS EXPRESSLY PROVIDED IN THE AGREEMENT, ALL SERVICES AND PRODUCTS ARE PROVIDED "AS IS." CENTURYLINK DISCLAIMS ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. CENTURYLINK MAKES NO WARRANTIES OR REPRESENTATIONS THAT ANY SERVICE WILL BE FREE FROM LOSS OR LIABILITY ARISING OUT OF HACKING OR SIMILAR MALICIOUS ACTIVITY, OR ANY ACT OR OMISSION OF THE CUSTOMER.

6. Limitations of Liability. The remedies and limitations of liability for any claims arising between the parties are set forth below.

(a) **Consequential Damages.** NEITHER PARTY OR ITS AFFILIATES, AGENTS, OR CONTRACTORS IS LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES OR FOR ANY LOST PROFITS, LOST REVENUES, LOST DATA, LOST BUSINESS OPPORTUNITY, OR COSTS OF COVER. THESE LIMITATIONS APPLY REGARDLESS OF THE LEGAL THEORY UNDER WHICH SUCH LIABILITY IS ASSERTED AND REGARDLESS OF FORESEEABILITY.

(b) **Claims Related to Services.** For Customer's claims related to Service deficiencies or interruptions, Customer's exclusive remedies are limited to: (a) those remedies set forth in the SLA for the affected Service or (b) the total MRCs or usage charges paid by Customer for the affected Service in the one month immediately preceding the event giving rise to the claim if an SLA does not apply.

(c) **Personal Injury; Death; Property Damages.** For claims arising out of personal injury or death to a party's employee, or damage to a party's real or personal property, that are caused by the other party's negligence or willful misconduct in the performance of the Agreement, each party's liability is limited to proven direct damages.

(d) **Other Direct Damages.** For all other claims arising out of the Agreement, each party's maximum liability will not exceed in the aggregate the total MRCs and usage charges paid by Customer to CenturyLink under the Agreement in the three months immediately preceding the event giving rise to the claim ("Damage Cap"). The Damage Cap will not apply to a party's indemnification obligations or Customer's payment obligations under the Agreement.

7. Entire Agreement. This Agreement, including DT&C, Other Provisions, and any CenturyLink-accepted Order Forms constitute the entire agreement between the parties. This Agreement supersedes all prior oral or written agreements or understandings relating to the same service, ports, or circuits at the same locations as covered under this Agreement. Capitalized terms are defined in the DT&C and Other Provisions.

8. Purchase Orders. This Agreement controls over any Customer-issued purchase order, and any terms or conditions contained in a Customer-issued purchase order or other Customer ordering document will have no force or effect.

9. Uniform Resource Locators (URLS). References to URLs in this Agreement include any successor URLs designated by CenturyLink.

This ISDN PRS is provided by Qwest Corporation d/b/a CenturyLink QC ("CenturyLink QC") and is subject to the CenturyLink Total Advantage™ Express Agreement between Customer and CenturyLink.

Filing Concurrence

CenturyLink may be required to submit the pricing herein to certain regulatory agencies for approval because the rates are being offered on an individual case basis ("ICB Rates"). Although the general terms and conditions of this Agreement are effective on the Effective Date, the ICB Rates will not become effective for a given jurisdiction until the filing and approval requirements for that jurisdiction are fulfilled. Service will be offered in accordance with the applicable Tariff until the ICB Rates become effective. Approved ICB Rates will take precedence over the Tariff. If Customer receives reduced pricing under this Agreement and a regulatory agency later invalidates the ICB Rates after they had become effective, Customer will pay to CenturyLink any difference in the amounts listed in the applicable Tariff for Service and the amounts Customer was charged for Service. When approved by the regulatory agencies, Customer may add additional quantities of Service pursuant to the Service Changes Section under the same terms and conditions with no further filing required. If a regulatory agency does not approve this Agreement, the parties will enter into good faith negotiations to mutually resolve the failure to receive the necessary approval. This Agreement will remain in full force and effect for Service in all other jurisdictions.

STAFF REPORT

TO: Utilities and Infrastructure Board

FROM: Jeff Shanahan, Power Plant Superintendent

DATE: April 30, 2019

SUBJECT: Powder Activated Carbon Agreement

Recommendation: Recommend for Powder Activated Carbon (PAC) Supplier

BACKGROUND:

The United States Environmental Protection Agency (EPA) and Nebraska Department of Environmental Quality (NDEQ) require Powdered Activated Carbon injection in boiler #8 at the Lon D. Wright facility.

In March of 2019, LDW staff requested quotes for a PAC supplier and received two (2) quotes. The two quotes are listed below.

Cost Breakdown			
		ADA Solutions	Cabot
Base Rate, 1 Year Contract	\$/ton	\$780.00	\$1,083.00
Freight, 1 Year Contract	\$/ton	\$136.95	\$137.00
Fuel Surcharge	\$/ton	\$37.66	\$44.00
Total	\$/ton	\$954.61	\$1,264.00
Length of Contract	Month	12	12

LDW staff reviewed the technical specifications, contacted other utilities for reference and concluded that ADA Solutions could provide the PAC product at the lowest price.

LDW Staff requests that the Utility and Infrastructure Board recommend to the City Council to authorize Department of Utility Staff to execute an agreement for PAC supply to ADA Solutions.

FISCAL IMPACT:

FY 2019/2020 operating budget estimated expenditure of ~\$60,000

STAFF REPORT

TO: Utilities and Infrastructure Board

FROM: David Goedeken, P.E., Director of Public Works/City Engineer

DATE: April 30, 2019

SUBJECT: Consider Amendment to the Fremont Municipal Code to Establish Districts of the Operation of Drones.

Recommendation – Consider Ordinance

Background: A request has been made to the City of Fremont by a private company, Infinite 8 Institute, to consider adopting an ordinance for the establishment of Drone Zones in two (2) areas in Fremont for operation of unmanned drones, ground and air based, for the delivery of goods and services. The Ordinance would establish a one year test period to operate the unmanned drones within the two areas. A follow up resolution will be introduced by Staff at the time of final reading of the Ordinance to establish the boundaries of the two zones. For clarification Exhibits A and B are attached to this submittal illustrating the areas being proposed.

The Ordinance will amend Chapter 5 of the Fremont Municipal Code to add Article 12 for Drone Zones. The Article establishes Licensing and Operating Procedures for the use of unmanned drones in the designated areas. The Ordinance will be in effect from June 1, 2019 through May 31, 2020. At the time of expiration the Ordinance could be brought forward again for further consideration.

Fiscal Impact: The City has no fiscal impact from the adoption of this Ordinance.

ORDINANCE NO. 5495

AN ORDINANCE OF THE CITY OF FREMONT, NEBRASKA, TO AMEND CHAPTER 5, OF THE FREMONT MUNICIPAL CODE OF THE CITY OF FREMONT, NEBRASKA, BY ADDING ARTICLE 12 PERTAINING TO DRONE ZONES, AND REPEALING PROVISIONS IN CONFLICT WITH SUCH AMENDMENTS; RETAINING NON-CONFLICTING PROVISIONS; PROVIDING FOR AN EFFECTIVE DATE OF SUCH AMENDMENTS; AND, PROVIDING FOR PUBLICATION OF THE ORDINANCE IN PAMPHLET FORM.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF FREMONT, NEBRASKA;

Article 12 Drone Zones

§5.1201 DEFINITIONS. For the purposes of this Article, the following words or phrases shall have the meanings respectively to them by this Article:

CD's. "CD's" means a Commercial Drone in the form of ground-based or aerial devices powered by an electric motor, for use primarily on approved private and public property for aerial applications, and sidewalks, and/or public thoroughfares, for ground applications, and is capable of:

- (A) Transporting items with or without an operator directly controlling the device;
- (B) Identifying and yielding to:
 - i. Pedestrians;
 - ii. Bicyclists;
 - iii. Motorists
 - iv. Other lawful users of public space; and
 - v. Property;
- (C) Navigating public thoroughfares;
- (D) Interpreting traffic signals and signs at crosswalks; and
- (E) Operating with an FAA Certified Remote Pilot in Command as a designated person-in-the-loop.

CROSSWALK. "Crosswalk" means that part of a roadway at an intersection included within the lateral lines connecting sidewalks on opposite sides of the roadway.

DIRECTOR. "Director" means Director of Public Works.

DRONE ZONE. "Drone Zone" shall mean a designated municipal area of commerce, for the limited purpose and use of piloting commercial drone applications.

FAA. "FAA" means Federal Aviation Administration

OPERATOR. "Operator" means a person who is FAA Certified to control the operations of a Commercial Drone through the use of remote control and beyond-line-of-sight technology.

PEDESTRIAN. "Pedestrian" means any person afoot or who is using a wheelchair.

PUBLIC THOROUGHFARE. "Public Thoroughfare" means any street, road, alley, or paved public space that is under the jurisdiction of the City of Fremont.

sUAS. "sUAS" means Small Unmanned Aircraft Systems.

§5.1202 ESTABLISHMENT. City of Fremont shall implement a pilot program, effective June 1, 2019, through May 31, 2020, for the registration and operation of CDs in the Drone Zone. A person or entity registered under this pilot program is authorized to operate up to 5 CD's in the Drone Zones in accordance with §5.1203.

§5.1203 REGISTRATION AND REVOCATION. An applicant who submits a complete application to the City of Fremont in accordance with this section shall be registered for the pilot program within 15 calendar days of submission.

- A. All applicants shall be FAA Part 107 sUAS Certified Operators.
- B. A registration for the pilot program shall be valid for one year from the date of registration, or until December 31, 2020, whichever is first.
- C. A registrant shall notify the City of Fremont within 15 calendar days of any change in the information on the pilot program application as submitted.
- D. The City of Fremont may revoke a registration for the pilot program if the Director determines that the registrant has violated a provision of this article.
- E. To register for the pilot program, the applicant shall submit an application to the City of Fremont including:
 - a. The applicant's legal name, business address, telephone number, and e-mail address;
 - b. A certification by the applicant that:
 - c. Each Operator is FAA Part 107 sUAS Certified;
 - d. Each CD is safe to operate in bike lanes, sidewalks, crosswalks, and public thoroughfares interconnected to sidewalks and crosswalks;
 - e. Each CD will comply with the requirements and limitations provided in §5.1203;
 - f. No more than five (5) CDs will be operated by the applicant in the Drone Zone;

- g. The person signing the application has reviewed it and determined that the information provided is true and accurate; and
- h. The person signing the application is authorized to sign and file the application;
- i. The proposed geographic locations within the Drone Zone where the applicant intends to operate the CD's;

STAFF REPORT

TO: Utility and Infrastructure Board
FROM: Jody Sanders, Director of Finance
DATE: April 26, 2019
SUBJECT: September 30, 2018 Audited Financial Statements

Recommendation: Move to accept auditor's report of BKD, LLP on September 30, 2018 financial statements.

Background: As a first-class city of Nebraska, the City is required to have an audit conducted by external auditors annually. The Fremont City Council awarded a contract for audit services for the 2018 fiscal year to BKD, LLP by resolution August 9, 2016.

Colby Jensen, CPA, Manager, from BKD, LLP will present an overview of the auditor's report.

Fiscal Impact: Financial results for the year ended September 30, 2018 are included in the attached report. No restatements were required with this audit.

Audit fees of \$40,825. No single audit was performed this year, as federal expenditures did not reach the \$750,000 threshold.

Honorable Mayor and Members of City Council
City of Fremont
Fremont, Nebraska

As part of our audit of the financial statements of the City of Fremont, Nebraska as of and for the year ended September 30, 2018, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America and the Standards Applicable to Financial Audits Contained in Government Auditing Standards Issued by the Comptroller General of the United States

An audit performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the opinion unit being audited. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The City's significant accounting policies are described in Note A of the audited financial statements.

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within accounting principles generally accepted in the United States of America for policies and practices for material items, including recognition, measurement and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- Proper accounting treatment in accordance with regulated operations provisions of GASB Statement No. 62

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- Allowance for doubtful accounts receivable
- Unbilled revenue – utility accounts
- Self-insured health and worker's compensation claims

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Revenue recognition
- Risk management
- Commitments and contingencies

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. No audit adjustments were proposed as a result of our engagement.

Auditor's Judgments About the Quality of the City's Accounting Principles

No matters are reportable.

Other Material Communications

Listed below are other material communications between management and us related to the audit:

- Management representation letter (attached)
- We orally communicated to management other deficiencies in internal control identified during our audit that are not considered material weaknesses or significant deficiencies

OTHER MATTERS

We observed the following matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, these matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

New Accounting Standards

Governmental Accounting Standards Board Statement No. 83

The Governmental Accounting Standards Board (GASB) has issued Statement No. 83, *Certain Asset Retirement Obligations* (GASB 83). GASB 83 establishes uniform criteria for governments to recognize and measure certain asset retirement obligations (AROs). An ARO is defined as a legally enforceable liability associated with the retirement of a tangible capital asset. Examples could be costs associated with decommissioning a nuclear power plant or disposal of an x-ray machine. An ARO is recognized when the liability is incurred, which is manifested by the occurrence of both an external obligating event (such as a legally binding contract or a court judgment) and an internal obligating event (such as placing a tangible capital asset into service). A government also recognizes a deferred outflow of resources when it recognizes an ARO liability. The ARO is measured at the best estimate of the current value of outlays expected to be incurred. Additional note disclosures are also required.

This statement will be effective for the City's fiscal year ending September 30, 2019.

Governmental Accounting Standards Board Statement No. 84

The Governmental Accounting Standards Board has issued Statement No. 84, *Fiduciary Activities* (GASB 84). GASB 84 establishes criteria for identifying and reporting fiduciary activities. It presents separate criteria for evaluating component units, pension and other postemployment benefit arrangements, and other fiduciary activities. The focus is on a government controlling the assets of the fiduciary activity and identification of the beneficiaries of those assets. Fiduciary activities are reported in one of four types of funds: pension (and other

employee benefit) trust funds, investment trust funds, private-purpose trust funds, or custodial funds. Custodial funds are used to report fiduciary activities that are not held in a trust. The agency fund designation will no longer be used. GASB 84 also provides guidance on fiduciary fund statements and timing of recognition of a liability to beneficiaries.

This statement will be effective for the City's fiscal year ending September 30, 2020.

Governmental Accounting Standards Board Statement No. 87

The Governmental Accounting Standards Board has issued Statement No. 87, *Leases* (GASB 87). GASB 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about the governments' leasing activities.

This statement will be effective for the City's fiscal year ending September 30, 2021.

Governmental Accounting Standards Board Statement No. 88

The Governmental Accounting Standards Board has issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* (GASB 88). GASB 88 specifies disclosures that should be made in the financial statements related to debt. It also provides a definition of debt to clarify which types of liabilities should be included in those disclosures. If a government has direct borrowings or direct placements, disclosures related to these should be provided separately from disclosures related to other types of debt.

This statement will be effective for the City's fiscal year ending September 30, 2019.

This communication is intended solely for the information and use of management, city council members and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

We are providing this letter in connection with your audit of our financial statements as of and for the year ended September 30, 2018. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control over financial reporting, operations and compliance, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated September 10, 2018, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) All minutes of meetings of the governing body held through the date of this letter.
 - (e) All significant contracts and grants.
5. All transactions have been recorded in the accounting records and are reflected in the financial statements.
6. We have informed you of all current risks of a material amount that are not adequately prevented or detected by entity procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets, liabilities or net position.
7. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
8. We have no knowledge of any allegations of fraud or suspected fraud affecting the City received in communications from employees, customers, regulators, suppliers or others.
9. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand that the term related party refers to an affiliate; management, and members of their immediate families, component units; and any other party with which the entity may deal if it can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate

refers to a party that directly or indirectly controls, or is controlled by, or is under common control with us.

10. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values or classifications of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial statements.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the balance sheet date through the date of this letter requiring adjustment or disclosure in the financial statements.
 - (e) Agreements to purchase assets previously sold.
 - (f) Restrictions on cash balances or compensating balance agreements.
 - (g) Guarantees, whether written or oral, under which the City is contingently liable.
11. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
12. We have no reason to believe the City owes any penalties or payments under the Employer Shared Responsibility Provisions of the Patient Protection and Affordable Care Act nor have we received any correspondence from the IRS or other agencies indicating such payments may be due.
13. We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America.
14. Adequate provisions and allowances have been accrued for any material losses from:
 - (a) Uncollectible receivables.
 - (b) Reducing obsolete or excess inventories to estimated net realizable value.
 - (c) Sales commitments, including those unable to be fulfilled.

- (d) Purchase commitments in excess of normal requirements or above prevailing market prices.
15. Except as disclosed in the financial statements, we have:
- (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual and grant agreements, for which noncompliance would materially affect the financial statements.
16. We have not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.
17. We have notified you of any instances of noncompliance with applicable disclosure requirements of the SEC Rule 15c2-12 and applicable state laws.
18. With regard to deposit and investment activities:
- (a) All deposit and investment transactions have been made in accordance with legal and contractual requirements.
 - (b) Disclosures of deposit and investment balances and risks in the financial statements are consistent with our understanding of the applicable laws regarding enforceability of any pledges of collateral.
 - (c) We understand that your audit does not represent an opinion regarding the enforceability of any collateral pledges.
19. With respect to any nonattest services you have provided us during the year, including assistance with printing and binding financial statements:
- (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.

20. We acknowledge that we are responsible for compliance with applicable laws, regulations and provisions of contracts and grant agreements.
21. We have identified and disclosed to you all laws, regulations and provisions of contracts and grant agreements that have a direct and material effect on the determination of amounts in our financial statements or other financial data significant to the audit objectives.
22. We have identified and disclosed to you any violations or possible violations of laws, regulations and provisions of contracts and grant agreements whose effects should be considered for recognition and/or disclosure in the financial statements or for your reporting on noncompliance.
23. We have taken or will take timely and appropriate steps to remedy any fraud, abuse, illegal acts or violations of provisions of contracts or grant agreements that you or other auditors report.
24. We have a process to track the status of audit findings and recommendations.
25. We have identified to you any previous financial audits, attestation engagements, performance audits or other studies related to the objectives of your audit and the corrective actions taken to address any significant findings and recommendations made in such audits, attestation engagements or other studies.
26. The financial statements disclose all significant estimates and material concentrations known to us. Significant estimates are estimates at the balance sheet date which could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets for which events could occur which would significantly disrupt normal finances within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
27. The fair values of financial and nonfinancial assets and liabilities, if any, recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
28. The supplementary information required by the Governmental Accounting Standards Board, consisting of management's discussion and analysis and budgetary comparison information has been prepared and is measured and presented in conformity with the applicable GASB pronouncements, and we acknowledge our responsibility for the information. The information contained therein is based on all facts, decisions and conditions currently known to us and is measured using the same methods and assumptions as were used in the preparation

of the financial statements. We believe the significant assumptions underlying the measurement and/or presentation of the information are reasonable and appropriate. There has been no change from the preceding period in the methods of measurement and presentation.

Independent Auditor's Report

Honorable Mayor and City Council
City of Fremont, Nebraska
Fremont, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Fremont, Nebraska (the City) as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fremont, Nebraska as of September 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The non-major governmental funds combining statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The non-major governmental funds combining statements have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated April 26, 2019, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED SEPTEMBER 30, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

As management of the City of Fremont, Nebraska (the "City" or "City of Fremont") we offer readers of the financial statements this narrative overview and analysis of the financial activities of the City of Fremont for the fiscal year ended September 30, 2018.

Financial Highlights

- The assets of the City of Fremont exceeded its liabilities at the close of the most recent fiscal year by \$282,060,969 (*net position*). Of this amount, \$48,393,293 (*unrestricted net position*) may be used to meet the government's ongoing obligations to citizens and creditors.
- As of the close of the current fiscal year, the City of Fremont governmental activities reported combined ending net position of \$112,247,991. Approximately 18.3 percent of this total amount, \$20,592,266, is *unrestricted net position*.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$11,889,161, or 66.1 percent of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Fremont's basic financial statements. The City of Fremont's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Fremont's finances in a manner similar to a private-sector business.

The *statement of net position* presents information about the City of Fremont's assets, deferred outflow of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Fremont is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Fremont that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Fremont include general government, public safety, highways and streets, economic development and culture and recreation. The business-type activities of the City of Fremont include the Electric, Water, Sewer and Gas activities.

The government-wide financial statements can be found on pages 13 and 14 of this report.

CITY OF FREMONT, NEBRASKA

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED), CONTINUED FOR THE YEAR ENDED SEPTEMBER 30, 2018

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Fremont, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Fremont can be divided into two categories: governmental funds, and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Fremont maintains 16 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Street Fund, and the Sales Tax Fund, all of which are considered to be major funds. Data from the other 13 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of Fremont adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for the General, Street, and Sales Tax Funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 15 - 18 of this report.

Proprietary Funds. The City of Fremont maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Fremont uses enterprise funds to account for its Electric, Water, Sewer, and Gas Funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Fremont's various functions.

The City of Fremont uses internal service funds to account for its employee health insurance, workers' compensation insurance and employee wellness fund. Because this service predominantly benefits governmental rather than business-type functions, it has been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Electric, Water, Sewer, and Gas Funds, all of which are considered to be major funds of the City of Fremont.

The basic proprietary fund financial statements can be found on pages 19 - 22 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 24 - 52 of this report.

CITY OF FREMONT, NEBRASKA

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED), CONTINUED FOR THE YEAR ENDED SEPTEMBER 30, 2018

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City of Fremont's budgetary comparison schedules. Required supplementary information can be found on pages 54 - 57 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Combining fund statements can be found on pages 59 - 62 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Fremont, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$282,060,969 at the close of the most recent fiscal year.

Statement of Net Position

The largest portion of the City of Fremont's net position (66.3 percent) reflects its net investment in capital assets (land, infrastructure, buildings, machinery, vehicles and equipment); less any related debt used to acquire those assets that is still outstanding. The City of Fremont uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Fremont's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Fremont's net position (16.5 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (\$48,393,293) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Fremont is able to report positive balances in both categories of net position, both for the government as a whole and for its separate governmental and business-type activities.

Financial Analysis of the Government's Funds

As noted earlier, the City of Fremont uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Fremont's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Fremont's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Fremont's *governmental funds* reported combined ending fund balances of \$53,083,777. Approximately 22.0 percent of this total amount (\$11,665,492) constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of fund balance is not available for new spending because it has already been 1) restricted for debt service (\$95,949), 2) restricted for street improvements (\$14,395,467), 3) restricted for public safety (\$2,103,933), 4) restricted for infrastructure (\$7,082,987), 5) restricted for property tax relief (\$573,734), 6) restricted for economic development (\$8,295,658), 7) restricted for a variety of capital/special projects (\$2,353,193), 8) restricted for Federal programs (\$1,164,103), 9) restricted for community betterment (\$463,848), 10) committed for code enforcement/defense (\$1,626,631), 11) assigned for downtown improvement projects (\$40,123), 12) assigned for the airport \$56,347, 13) endowed as non-spendable principal (\$125,000), or 14) non-spendable prepaid expense (\$41,312).

The General Fund is the chief operating fund of the City of Fremont. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$11,889,161. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 66.1 percent of total General Fund expenditures.

The fund balance of the City of Fremont's General Fund increased by \$959,237, during the current fiscal year, which was approximately \$2,538,000 more than was budgeted. The increase was due in part to

CITY OF FREMONT, NEBRASKA

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED), CONTINUED FOR THE YEAR ENDED SEPTEMBER 30, 2018

higher than expected interest income by \$117,000, and expenditure savings that included \$251,000 in personal services, \$603,500 in contractual services, \$116,700 in commodities, and capital projects not completed, totaling a net \$48,600 (total capital not spent of \$2,383,600, less revenue and transfers from other funds not received because projects were not completed in the amount of \$2,432,000).

Proprietary Funds. The City of Fremont's *proprietary funds* provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the *proprietary funds* at the end of the year were as follows: Electric Fund - \$17,957,793, Water Fund - \$3,682,739, Sewer Fund - \$369,467, and Gas Fund - \$5,791,028. The change in net position for the proprietary funds was as follows: Electric Fund - \$6,232,040, Water Fund - \$597,741, Sewer Fund - \$1,558,141, and Gas Fund - \$941,751. The increase in the Electric Fund net position was attributable to increased off system sales and a number of projects that included capitalized costs, and salary savings. The increase in the Sewer Fund was attributable to additional charges to industrial customers based on concentration of waste. Other factors concerning the finances of these four funds have already been addressed in the discussion of the City of Fremont's business-type activities.

Budgetary Highlights

There was no difference between the original budget and the final adopted budget for the City of Fremont.

Capital Asset and Debt Administration

Capital Assets. The City of Fremont's investment in capital assets for its governmental and business-type activities as of September 30, 2018, amounts to \$260,856,934 (net of accumulated depreciation). This investment in capital assets includes land, building and system improvements, machinery and equipment, park facilities, roads, highways and bridges.

The City of Fremont's total debt decreased by \$3,887,150 (5.7 percent). The City continues to pay down bonded indebtedness.

The City of Fremont maintains an AA(-) bond rating.

Additional information on the City of Fremont's long-term debt can be found in Note C6 on pages 41 - 43 of this report.

Economic Factors and Next Year's Budgets and Rates

- The City is in the second year of the two-year budget for 2018 and 2019.
- Property tax assessment for the year ending September 30, 2018 is \$6,417,799, which is 9.2 percent higher than the assessment for the year ended September 30, 2017, due primarily to an increase in property values within City limits. In prior years, the City Council had imposed property taxes in anticipation of the costs related to defending and implementing a citizen-initiated ordinance. Litigation has been resolved leaving a balance of unspent funds. This unspent balance has been committed by the City Council for law enforcement and capital improvements at the Police Station. The City Council committed \$1,626,631 at September 30, 2018 for this purpose. In addition, the City Council has also committed an additional \$3,000,000 for other capital improvement projects throughout the City.
- A large employer and utility customer began construction of facilities with an estimated value of \$93,300,000 that will provide 800-1,100 jobs and significantly increase utility volumes beginning in late 2019. The Capital Improvement Plan includes utility extensions to this facility, as well as wastewater treatment improvements, including anaerobic lagoons. This is a tax increment financing (TIF) project, so no additional property tax receipts are expected for the duration of the TIF period; however, the customer contributed \$7,200,000 of the TIF proceeds for the infrastructure improvements to be made by the City.
- The City has budgeted and expects to make significant expenditures for the following capital projects during the next two fiscal years, (expenditures for smaller capital projects will be dependent upon actual revenues remaining within budgeted levels, while larger projects will be financed with a combination of long-term debt, cash reserves and private funding):
 - Waste water treatment plant improvements - \$31,000,000
 - Joint project with the Nebraska Department of Transportation for a beltway joining US Hwy 275 and US Hwy 77 to the southeast of the City. The City's contribution will be \$20,000,000 over a three-year period.
 - Additional electrical transmission line progress payments- \$9,000,000

CITY OF FREMONT, NEBRASKA

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED), CONTINUED FOR THE YEAR ENDED SEPTEMBER 30, 2018

- Two separate ballot questions for GO Bonds of \$2,000,000 each to finance:
 - Library expansion - \$8,000,000
 - City Auditorium renovation - \$3,500,000
- Natural Gas line upgrade from border station - \$4,000,000
- Various citywide paving and resurfacing projects - \$3,400,000
- The City Council approved a four percent increase in rates for the Electric Fund effective November 2017, and another four percent increase effective November 2018. An increase in Sewer Fund rates is anticipated and additional revenue was budgeted in the 2019 fiscal year to meet debt service requirements on the wastewater treatment plant improvements.

All of these factors were considered in preparing the City of Fremont's budget for the 2018 and 2019 fiscal year.

RECONCILIATION OF THE BALANCE SHEET -
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2018

Total fund balances - governmental funds **\$ 53,083,777**

Amounts reported for governmental *activities* in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in governmental funds. The cost of the assets is \$87,189,805, and the accumulated depreciation is \$29,070,882. 58,118,923

Deferred amounts on bond refundings are not financial resources and, therefore, are not reported as assets in governmental funds. 4,226

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. 4,603,293

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds but are deferred. 1,355,108

Long-term liabilities, including bonds and notes payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year end consist of:

Compensated absences	\$ (1,285,883)	
Bonds and lease payable	(3,631,453)	(4,917,336)

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES**

FOR THE YEAR ENDED SEPTEMBER 30, 2018

Total net change in fund balances - governmental funds	\$ 4,220,147
---	--------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures.

However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay (\$2,643,471) and capital lease principal payments (\$209,900) exceed depreciation expense (\$2,348,066) and disposal of capital assets (\$112,066) in the period.

393,239

Deferred outflows of resources relating to loss on refundings of long-term debt are not current financial resources, and therefore, the amortization of these deferred outflows are not reported as expenditures in the funds.

(540)

Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The net revenue (expense) of the Internal Service Fund is reported with governmental activities in the statement of activities.

1,253,373

TIF proceeds and payments are reported as revenue and expenses in the governmental funds, but are reported as notes receivable and payable in the statement of net position.

(8,084)

The change in noncurrent compensated absences is reported as an expense in the statement of net assets. Noncurrent compensated absences are not reported in the governmental funds.

(5,524)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. This is the amount that contributions of capital assets (\$2,090,770) exceeded the change in deferred inflows in the governmental funds (\$9,986).

2,081,377

Repayment of bond principal, net of debt refunding proceeds and payments, is an expenditure in the governmental funds, but the repayment reduces of long-term debt and related items.

Change in net position of governmental activities

CITY OF FREMONT, NEBRASKA
Notes to Financial Statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Fremont, Nebraska (the “City”) are prepared in accordance with generally accepted accounting principles (“GAAP”). The City’s reporting entity applies all relevant Governmental Accounting Standards Board (“GASB”) pronouncements.

The accounting and reporting framework and the more significant accounting principles and practices are discussed in subsequent sections of this Note.

1. Financial Reporting Entity

The City of Fremont, Nebraska, was incorporated in 1871. The City operates under a Mayor-Council form of government with an elected Mayor and an elected legislative body, Council, composed of eight members. The Mayor is elected at large for a four-year term, and the eight members of the City Council are elected, two from each of four wards, on alternating four-year terms. The administration of the City government is performed under the direction of the Mayor by the City Administrator. Services provided to residents include public safety; highways and streets; planning and zoning; parks; recreation; urban development; electric, water and sanitary sewer systems; gas; waste transfer and general administrative services.

These financial statements present the financial statements of the City as the primary government. In determining its reporting entity, the City has considered all potential component units for which it is financially accountable, including other organizations which are fiscally dependent on the City, or the significance of their relationship with the City are such that exclusion would make the financial statements misleading or incomplete. The GASB has set forth criteria to be considered in determining financial accountability, which was used in making this evaluation. The City has no material component units to include in its reporting entity.

2. Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. The statements distinguish between governmental and business-type activities. The material effect of interfund activity has been removed from these statements. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Functional expenses may also include an element of indirect cost, designed to recover administrative (overhead) costs. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and proprietary categories. Each major fund is displayed in a separate column and the remaining funds are aggregated and reported as other governmental or proprietary funds.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

2. Basis of Presentation, Continued

The City reports the following fund types:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Debt Service Fund

The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principal on the general long-term debt of the City other than debt service payments made by enterprise funds. Ad valorem taxes are used for the payment of principal and interest on the City's general obligation bonds.

Capital Projects Fund

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Proprietary Funds

Enterprise Funds

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Internal Service Funds

The internal service funds account for activities that provide goods and services to other funds, departments or agencies of the primary government and its component units on a cost-reimbursement basis.

Major and Non-major Funds, Continued

<u>Fund</u>	<u>Brief Description</u>
<i>Non-major, continued:</i>	
Governmental, continued:	
Special Revenue, continued:	
Enhanced and Wireless 911	Accounts for the per-line telephone surcharge and per-line cell phone surcharge for the emergency communications system.
Drug Task Force	Accounts for Federal grant proceeds and payments from surrounding governmental entities under an interlocal agreement to combat drug use in Fremont and surrounding communities.
Community Development Agency	Accounts for the resources for payment of principal and interest on tax increment financing bonds issued by the Community Development Agency of the City of Fremont. These bonds were issued to provide long-term financing for the several development areas. These bonds are payable only from real estate taxes on certain property located within these plan areas and do not constitute general obligations of the Agency or the City.

3. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

Government-wide Financial Statements are reported using the total economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The City considers revenues are available if they are collected within 60 days of the end of the fiscal period. Property taxes, sales taxes, occupation taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

3. Measurement Focus and Basis of Accounting, Continued

Proprietary Funds activities are accounted for on the flow economic resources measurement focus and use the accrual basis of accounting. The City's utility accounting records are maintained in accordance with all applicable pronouncements of the Governmental Accounting Standards Board (GASB) and generally follow the Uniform System of Accounts for Public Utilities and Licenses prescribed by the Federal Energy Regulatory Commission (FERC). The City prepares its proprietary financial statements as a business-type activity in conformity with accounting principles generally accepted in the United States of America (GAAP). Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for goods and services. Operating expenses include the cost of sales and service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

4. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Investments

For the purpose of the Statement of Net Position, "cash and cash equivalents" include all demand accounts, savings accounts and an external investment pool. For the purpose of the proprietary fund Statement of Cash Flows, "cash and cash equivalents" include all cash on hand, demand accounts, savings accounts, and equity in pooled cash which has an original maturity of three months or less. The County Treasurer's cash represents revenues collected not yet remitted to the City by the Dodge County Treasurer's office.

The external investment pool primarily invests in government agency securities, certificates of deposit, demand deposits and repurchase agreements which are valued at amortized cost, which approximates fair value based on the short-term nature of investments. The City carries its interest in the external investment pool and certificates of deposit at amortized cost.

Interest on investments and deposits are allocated to the funds based on the fund's proportionate share of the investment balance. Additional cash and investment disclosures are presented in Notes B2, C1, and D2.

Receivables

Receivables consist of all revenues earned at year end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the governmental activities include special assessments and property taxes. Business-type activities report utility billings as their major receivables.

Notes Receivable

Notes receivable include long-term loans made to local businesses and citizens using revolving loan funds from Community Development Block Grants through the State of Nebraska, as well as other economic development based loans of LB840 revolving loan funds or Economic Enhancement funds of the City to qualifying businesses. Some loans are forgivable when certain performance-based conditions are met. Loans are shown net of an allowance for uncollectible amounts. Tax Increment Financing ("TIF") notes receivable are recorded at the lesser of the present value of the anticipated revenue stream or the actual TIF bond payable amount.

Due from Other Governments

The total due from other governments includes the following amounts:

<u>Fund</u>	<u>Amount</u>	<u>Service</u>
General	\$ 16,585	Interlocal reimbursement/ In lieu of tax and Library commission payments
Sales tax	1,332,457	Sales Tax
Debt service	180	In lieu of tax

Weatherization EDA (HUD)	7,286	Grant reimbursement
Enhanced 911	<u>165,515</u>	Interlocal reimbursement
Governmental Total	<u>\$1,554,824</u>	
Electric	<u>\$ 427,068</u>	Grant reimbursement

Inventory

All inventories are valued at average cost, except natural gas, which is valued at cost using the first-in/first-out ("FIFO") method.

Inventories consist of the following at September 30, 2018:

	<u>Electric</u>	<u>Water</u>	<u>Sewer</u>	<u>Gas</u>	<u>Total</u>
Coal	\$ 2,204,645	\$ -	\$ -	\$ -	\$ 2,204,645

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

4. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance, Continued

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Statements

In the government-wide financial statements, capital assets are capitalized and reported on the Statement of Net Position. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation. The City has elected the depreciation approach for reporting infrastructure.

Depreciation of governmental capital assets is separately stated and depreciation of all proprietary capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The ranges of estimated useful lives by type of asset are as follows:

Buildings	20-50 years
Improvements and infrastructure	10-50 years
Machinery and equipment	3-20 years
Utility system	25-50 years

The cost of normal maintenance, preservation, and repairs that do not add to the value of the assets or materially extend the assets' lives are not capitalized.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position or balance sheet will sometimes report a separate section for deferred outflows of resources. This represents a consumption of net position that applies to future period(s) and will not be recognized as an outflow of resources (as either an expense or expenditure) until that period. The City has one item that qualifies for reporting in this category, the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

4. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance, Continued

Deferred Outflows/Inflows of Resources, continued

In addition to liabilities, the statement of net position or balance sheet will sometimes report a separate section for deferred inflows of resources. This represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that period. The City has two items that qualify for reporting in this category: (1) Unavailable revenue received after the availability period. This includes property taxes plus other local taxes and fees received after 60 days. They are reported as deferred inflows on the governmental funds balance sheet and will be recognized as revenue next year. (2) Deferred gain on refunding reported in the government-wide statement of net position. A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Compensated Absences

City employees earn sick leave at the rate of 3.70 to 8.31 hours per biweekly pay period, depending on their hire date. Half-time and three-quarter time employees receive applicable percentages of these same rates. Vacation and sick leave hours are accumulated on a biweekly basis and are fully vested when earned. Limitations on accumulated sick leave vary based on labor agreements, but in no case will accumulated sick leave payout exceed 50% of the accumulated balance, up to 1,116 hours. Accumulated vacation limitations vary from 240 to 304 hours depending on the applicable labor agreement. All accumulated vacation and sick leave, subject to limitations noted, is paid at separation.

All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. In the governmental funds, only compensated absences that have matured as of year-end, for example, as a result of employee resignations and retirements, are recorded as a fund liability. Accruals are based on current salary rates plus an additional amount for compensation-related payments such as Social Security and Medicare taxes and pension amounts using rates in effect at that date.

Long-term Debt, Deferred Debt Expense, and Bond Discounts/Premiums

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Statements

In government-wide and proprietary financial statements, outstanding debt is reported as a liability. Bond discounts or premiums and the difference between the reacquisition price and the net carrying value of refunded debt are capitalized and amortized over the life of the respective bonds. The long-term debt consists primarily of bonds payable and a fly ash liability.

Fund Financial Statements

The governmental fund financial statements recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures, as well as payment of principal.

4. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance, Continued

Recovery of Plant Costs

Capital contributions are received from customers and other third parties primarily to offset the costs associated with expansion of the City's utility systems. The City follows FERC guidelines for recording capital contributions. These guidelines direct the reduction of utility plant by the amount of these contributions. In order to comply with GASB codification Section N50, *Nonexchange Transactions*, while continuing to follow FERC guidelines, capital contributions are recorded as income and offset by an expense in the same amount representing the recovery of plant costs.

Net Position Flow Assumption

Government-wide Statements

Net position is classified and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings, net of issuance premiums or discounts, that are attributable to the acquisition, construction, or improvement of those assets. The portion of debt attributable to unspent debt proceeds is not included in the calculation of net investment in capital assets.
- b. Restricted net position – Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that do not meet the definition of "restricted" or "net invested in capital assets."

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance Flow Assumption

Fund balances are divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Non-spendable – Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts that can be spent only for specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

4. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance, Continued

Fund Balance Flow Assumption, Continued

Committed – Amounts that can be used only for specific purposes determined by a formal action by the City Council through an ordinance or resolution. Commitments may be changed or lifted only by passage of an ordinance or issuance of a resolution by the City Council.

Assigned – Amounts that are intended to be used by the City for specific purposes as determined by management. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.

Unassigned – All amounts not included in other spendable classifications.

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report for each category of fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

5. Revenues, Expenditures, and Expenses

Sales and Use Tax

The City presently levies a one-and-one-half-cent sales tax on taxable sales within the City. The sales tax is to be used for the following purposes: 1/2% – 60 percent for infrastructure and 40 percent for public safety, 1/2% – for property tax relief, and 1/2% – divided in equal thirds for economic development, street improvements, and public safety.

The sales tax is collected by the Nebraska Department of Revenue and remitted to the City in the month following receipt. The Nebraska Department of Revenue receives the sales tax approximately one month after collection by vendors. Sales taxes collected by the State in September and October (which represents sales for August and September) and received by the City in October and November have been accrued and are included under the caption "Due from other governments."

Property Taxes

The City has the power to levy taxes each year sufficient to pay any judgment existing against the City, the interest on bonded debt, and the principal on bonded debt maturing during the fiscal year or within six months thereafter, as well as taxes authorized by state law.

The tax levies for all political subdivisions in Dodge County are certified by the County Board on or before October 15. Real estate taxes are due on December 31 and attach as an enforceable lien and become delinquent in two equal installments on May 1 and September 1. Personal property taxes are due in the same manner as real estate taxes. Delinquent taxes bear 14 percent interest. Property taxes levied for 2017-2018 are recorded as revenue when expected to be collected within 60 days after September 30, 2018. Prior-year levies were recorded using these same principles, and remaining receivables are re-evaluated annually. Property taxes expected to be collected after 60 days are recorded as unavailable revenue on the fund balance sheets.

5. Revenues, Expenditures, and Expenses, Continued

Property Taxes, Continued

In the government-wide financial statements, property taxes receivable and related revenue include all amounts due the City regardless of when cash is received. Historically, substantially all property taxes have been collected.

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities. In the fund financial statements, expenditures are classified as follows:

Governmental funds – by character and function

Proprietary funds – by operating and non-operating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

Interfund Transfers

Permanent reallocation of resources between funds of the reporting entity is classified as transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

By its nature as a local government unit, the City is subject to various federal, state, and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

1. Fund Accounting Requirements

The City complies with all state and local laws and regulations requiring the use of separate funds. The legally required funds used by the City include: General, Special Revenue, and Debt Service Funds.

2. Deposit Laws and Regulations

Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

Section 16-714 and 16-715 of the Revised Statutes of Nebraska 1943 require collateralization of all deposits with federal depository insurance or with U.S. Treasury and U.S. agency securities having an aggregate value at least equal to the amount of the deposits. The City's cash deposits, including certificates of deposit, are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 per participating financial institution. Any cash deposits or certificates of deposit in excess of the FDIC limits are insured by collateral held by the pledging institution in the City's name.

Cash at the County Treasurer of \$143,884 was covered by collateral held by the County.

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, CONTINUED

3. Revenue Restrictions

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources are described in Note A2 for the various funds.

4. Debt Restrictions and Covenants

Bonds Payable

The various bond ordinances relating to the bonds payable contain some restrictions or covenants that are financial-related. These include covenants such as debt service coverage requirements and required reserve account balances. The City is in compliance with the bond restrictions and covenants.

5. Budgetary Data

The City is required by state laws to adopt annual budgets for all fund types. Each budget is presented on the cash basis of accounting, which is consistent with the requirements of the state budget act.

The Nebraska Budget Act provides the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various expenditure and/or tax levy limitations.

The City follows these procedures in establishing the budgetary data reflected in the accompanying financial statements.

- a. On or before August 1, the City prepares a budget for the fiscal year commencing October 1. The budget includes proposed expenditures and resources available.
- b. The budget is published with subsequent public hearings to obtain taxpayer comments.
- c. Prior to September 20, the City Council adopts the budget, which is then filed with the appropriate state and county officials.
- d. Total expenditures may not legally exceed total appropriations. Budget adjustments within a fund can be made with City Administrator approval. However, the City Council must approve any supplemental appropriations.
- e. The County Clerk certifies a preliminary property tax levy for each fund of the City which levied property taxes in the county the previous year based on the combined valuation and amount required for the City the prior year. The preliminary levy becomes the final levy unless the governing board passes, by a majority vote, a resolution setting the levy at a different amount.
- f. The property tax requirements resulting from the budget process are utilized by the County Assessor to establish the tax levy. Taxes are levied annually on or before October 15. Real property taxes and personal property taxes are due December 31 with the first half delinquent May 1 and the second half delinquent September 1.
- g. Appropriations lapse at the end of the fiscal year, except for capital improvement appropriations and certain encumbrances against operating budgets.
- h. The City of Fremont adopts a budget by ordinance for all fund types.

NOTE C – DETAIL NOTES ON TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the basic financial statements for the City's various assets, liabilities, deferred outflows/inflows of resources, net position/fund balances, revenues and expenditures/expenses.

1. Cash and Investments

The City's policies regarding deposits of cash are discussed in Note A4 and the City's policies regarding risk management over deposits and investments are discussed in Note D2. The City's cash deposits and investments are with institutions insured by the Federal Deposit Insurance Corporation ("FDIC") and other collateral. At September 30, 2018, the bank balance of the City's deposits and investments were fully-insured or collateralized.

7. Fly Ash Closure Costs

The City currently has a fly ash disposal area. State and Federal laws require the City to close, monitor, and maintain the disposal area once capacity is reached. The estimated costs of closure and post closure care as determined by the City are subject to changes due to the effects of inflation, revision of laws, changes in technology and other variables. As of September 30, 2018, the City had incurred a liability of \$174,505 for closure and post closure costs for the disposal area.

8. Tax Increment Financing Notes and Bonds

The City provides tax abatements under the Tax Increment Financing Program (TIF). Tax increment financing allows cities to create special districts and to make public/private improvements within those districts that will generate public/private-sector development. For a period of 15 years, the tax base is frozen at the predevelopment level, and taxes generated from the incremental increases in assessed value are remitted as payment on the notes and bonds. The developer funds the improvements or obtains financing for the improvements, and the development agreements between the City and developer expressly limit the City's commitment for debt repayment to the incremental tax collected during the 15-year period. At the end of the 15-year period, the tax jurisdiction collects on the increased property values. The related tax increment districts are not component units of the City; therefore, the City is not liable for the outstanding debt. The City's responsibility for this liability is limited only to remittances of paid taxes.

Eligibility for the approval requires the property to have no loss of pre-existing tax revenues and the developer demonstrates the project is not feasible without TIF. Abatements are obtained through application by the property owner and are reviewed and approved by a TIF council prior to commencing the improvements. Taxes abated under this program for the fiscal year ended September 30, 2018 were \$246,519.

The City purchased the bonds related to the South Broad Street, LLC project. The outstanding bonds are recorded as a TIF note receivable in the Community Development Agency fund financial statements (Other Governmental) and a related Due to the General Fund. The General Fund financial statements likewise report a Due from Other Funds.

10. Deficit Fund Balance

At September 30, 2018 the Community Development Agency Fund had a deficit balance of \$223,669. Some of the deficit will be offset by the unearned revenue as it is earned in future years. The Community Development Agency also has the right to levy taxes to eliminate a deficit; however, no decision to levy taxes has been made. At September 30, 2018, the CDBG Fund also has a deficit balance of \$1,586. The City anticipates to eliminate this deficit through future grant and program revenues.

1. Employee Pension and Other Benefit Plans

The City participates in four contributory defined contribution plans (qualified 414(h) plans), and a non-qualified deferred compensation plan as follows:

<u>Name of Plan</u>	<u>Type of Plan</u>
Retirement Income Plan for City Government Employees of the City of Fremont	Defined Contribution Plan
Police Officers' Retirement Plan	Defined Contribution Plan
Firefighters' Retirement Plan	Defined Contribution Plan
Deferred Compensation Plan	Non-qualified Deferred Compensation Plan

Retirement Income Plan for City Government Employees

The City of Fremont has a contributory defined contribution employees' pension plan in which the general employees of the City and Department of Utilities participate. Regular full-time employees with less than seven consecutive years of service will contribute five percent of their gross payroll and the City will match the five percent. For those regular full-time employees with seven or more consecutive years of service, the City will contribute 6.5 percent. Employees are eligible to participate after six months of continuous service. All employees are fully-vested in their own contributions and become vested in the City's contribution ratably after seven years' participation in the plan. The employees and the City contributed \$724,885 and \$862,052, respectively, as required by the plan for the fiscal year ended September 30, 2018. Forfeitures used to reduce employer contributions as allowed under the Plan were \$63,730. The Plan is administered by a trustee independent of the City and is, therefore, not included in these financial statements.

The City of Fremont, Nebraska Police Officer's Retirement Plan

The City of Fremont, Nebraska Police Officers' Retirement Plan (Police Plan) is a contributory defined contribution employees' pension plan in which all regular full-time sworn officers of the City participate. Employees and the City will each contribute 7 percent of applicable payroll. Employees are immediately eligible to participate in the Police Plan. All employees are fully-vested in their own contributions and vest 40 percent after two years of service, 60 percent after four years of service, 80 percent after six years of service and 100 percent after seven years, in the City's contributions to the Plan. The employees and the City contributed \$183,828 and \$183,828, respectively, as required by the Plan for the fiscal year ended September 30, 2018. Forfeitures used to reduce employer contributions as allowed under the Plan were \$9,177. The Plan is administered by a trustee independent of the City and is, therefore, not included in these financial statements.

The City of Fremont, Nebraska Firefighters' Retirement Plan

The City of Fremont, Nebraska Firefighters' Retirement Plan (Firefighters Plan) is defined contribution plan in which all firefighters of the City participate. The Fire employees are eligible on the first day of employment. The employees contribute 6.5 percent and the City contributes 13 percent of applicable payroll as defined in state statute. An employee is 100 percent vested in his or her contributions, 6.5 percent of monthly compensation, and vests 40 percent after four years of service plus 20 percent for each year thereafter, up to 100 percent, in the City's contributions to the Plan. The employees and the City contributed \$115,152 and \$230,301, respectively, as required by the Plan for the fiscal year ended September 30, 2018. No forfeitures were used to reduce employer contributions as allowed under the Plan. The Plan is administered by a trustee independent of the City and is, therefore, not included in these financial statements

Deferred Compensation Plan

The City has a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all City employees. The plan permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, unforeseeable emergency or permanent disability.

As of January 1, 1997, these funds were placed in trust, in accordance with IRS Code Section 457(g)(1). IRS Code Section 457(g)(1), applicable for plan year beginning January 1, 1997 states that “a plan maintained by an eligible employer shall not be treated as an eligible deferred compensation plan unless all assets and income of the plan are held in trust for the exclusive benefit of participants and their beneficiaries.” The deferred compensation plan as placed in trust is not subject to any creditors of the City.

The employees contributed \$337,288 and the City contributed \$0 under the plan for the year ended September 30, 2018.

2. Risk Management

The City is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. The City purchases commercial insurance and administers funds for certain self-insured programs. The City has self-insured itself for health benefits and workers' compensation claims. The City maintains a workers' compensation fund and a self-insured loss fund. The City provides first-dollar coverage for all workers' compensation exposure, with insurance acting as an umbrella or excess coverage. The City is self-insured for workers' compensation claims up to \$600,000 per occurrence. The City is also self-insured for health insurance claims up to \$225,000 of individual claims. The City currently has 264 employees being covered under the health benefit plan. The self-insurance programs are administered within the Internal Service Fund. The City maintains outside insurance coverage through various insurance policies covering buildings and their contents, equipment and property, and risk of loss due to employee dishonesty.

Settled claims in the past three years have not exceeded the commercial coverages. The City has estimated incurred but not reported claims on health benefits, to be \$309,531. This amount represents subsequent payments on prior year claim activity. The City has also estimated the incurred but not reported claims on workers' compensation, based on the claims for the two months subsequent to year end, to be \$76,716. This has been included as a current year expenditure. For all of the self-insured funds, an unreserved fund balance of \$4,603,293 was in the Internal Service Fund at September 30, 2018.

Deposits and Investments

Concentration of Credit Risk. The City's deposits and investment policy places no limit on the amount that may be invested in any one issuer. At September 30, 2018, the City's investments consisted of certificates of deposit at the following institutions:

<u>Financial Institution</u>	<u>Amount</u>
Pinnacle Bank, Fremont	\$ 15,525,000 *
First National Bank, Fremont	15,975,000 *
Nebraska Land National Bank	2,000,000

Nebraska Public Agency Investment Trust	2,600,000 *
Totals	<u>\$ 49,432,395</u>

* Represent more than five percent of total investments

Foreign Currency Risk. This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The City's investments had no exposure to foreign currency risk and the City held no investments denominated in foreign currency at September 30, 2018.

Custodial Credit Risk. For deposits and investments, custodial credit risk is the risk that, in the event of the failure of a bank or other counterparty, the City will not be able to recover the value of its deposits or investment or collateral securities that are in the possession of an outside party. All of the underlying securities for the City's investments at September 30, 2018 are held by the counterparties, not in the name of the City. The underlying securities consist of cash, certificates of deposit, and insured money market funds.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's deposits and investment policy requires that market conditions and investment securities be analyzed to determine the maximum yield to be obtained and to minimize the impact of rising interest rates. The investment maturities are as follows:

<u>Maturities by Month</u>	<u>Amount</u>
October 2018	\$ 6,375,000

NOTE D – OTHER NOTES, CONTINUED

3. Commitments and Contingencies, Continued

Claims and Litigation

The City is involved in various litigation in the normal course of its operations and services. In the opinion of City management, although the outcome of any legal proceedings cannot be predicted with certainty, the ultimate liability of the City in connection with its legal proceedings will not have a material effect on the City's financial position, but could be material to the results of operations in future accounting periods.

Government Grants

The City participates in a number of federally assisted grant programs, which are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies, is not determinable at this time; however, City officials do not believe that such amounts, if any, would be significant.

Regulatory Compliance

The City of Fremont is required by state and federal laws and regulations to make annual contributions to finance fly ash closure and postclosure care. The City is in compliance with these requirements, and at September 30, 2018 investments of \$1,000,000 are held for these purposes. These investments are held in certificates of deposit and are presented on the City's balance sheet as restricted investments. Details of the restricted cash and investments are in Note C1. It is anticipated that future inflation costs will be financed in part from earnings on investments. The remaining portion of anticipated future inflation costs (including inadequate earnings on investments, if any) and additional costs that might arise from changes in postclosure requirements (due to changes in technology or more rigorous environmental regulations, for example) may need to be covered by charges to future electricity customers, taxpayers, or both.

The Department's operations are subject to stringent federal, state, and local laws and regulations relating to improving and maintaining environmental quality. Current studies have determined that a substantial capital investment will be required to bring the Department into compliance with environmental regulations including mercury emissions. Environmental expenditures related to current operations are factored into the strategic planning process of the Department and are considered when determining future energy rates. Financing of these expenditures is expected to be through available cash reserves and bonded debt.

Electric Department

On October 12, 2017, the Electric Department entered into an agreement with Cloud Peak Energy Resources, LLC., effective January 1, 2018 through December 31, 2018. Under the terms of the agreement, the City must purchase 175,000 tons of coal at an agreed-upon base price per ton, which will be adjusted each month for any variation in the Base Btu. As of September 30, 2018, the City had purchased 145,000 of the tons required under this contract.

3. Commitments and Contingencies, Continued

On November 13, 2018, the Electric Department entered into an agreement with Cloud Peak Energy Resources, LLC., effective January 1, 2019 through December 31, 2019. Under the terms of the agreement, the City must purchase 225,000 tons of coal at an agreed-upon base price per ton, which will be adjusted each month for any variation in the Base Btu.

The Electric Department entered into a rail transportation agreement with Union Pacific Railroad Company for coal shipping. The contract term is January 1, 2012 through December 31, 2018. Under the terms of the agreement, the City must use Union Pacific to ship a minimum of 300,000 tons and a maximum volume of 400,000 tons for each twelve-month period during the contract term. The agreed-upon base rate per net ton is adjusted quarterly, based on the percentage change in the rail cost adjustment factor, as well as a mileage-based fuel surcharge.

On September 11, 2018, the Electric Department entered into a rail transportation agreement with Union Pacific Railroad Company for coal shipping. The contract term is January 1, 2019 through December 31, 2024. Under the terms of the agreement, the shipping rate will increase 2.02 percent from the shipping rate effective July 1, 2018. The price will be adjusted based on the percentage change in the rail cost adjustment factor, as well as a mileage-based fuel surcharge adjusted monthly. The City must use Union Pacific to ship a minimum of 270,000 tons and a maximum volume of 400,000 tons for each twelve month period, beginning January 1, 2019 through December 31, 2019, and each twelve month period thereafter.

In the prior year, the Electric Department entered into a power purchase agreement with Cottonwood Wind Project, LLC for power from a single wind energy facility of approximately 40 MW effective December 5, 2016 through December 5, 2041. During the 15th contract year, the City may exercise its option to purchase the facility property within 180 days after the end of the term.

Gas Department

The Gas Department entered into an agreement to purchase natural gas from the Central Plains Energy Project #3 (CPEP3) in April 2012. The agreement requires the City to purchase fixed monthly quantities of gas through 2042 at a discounted price that accounts for approximately 23 percent of the City's current requirements.

The Gas Department entered into an agreement to purchase natural gas from BP Canada Energy Marketing Corp. on September 18, 2012. The agreement was extended in June 2016 and is effective through October 31, 2020. The agreement stipulates the volume of maximum daily quantity purchases which varies depending on the month of the purchase. The price is based on the monthly index published inside the Federal Energy Regulatory Commission (FERC) Gas Market Report.

In September 2018, the Gas Department entered into a contract to purchase natural gas from The Public Energy Authority of Kentucky (PEAK). The contract term is April 1, 2019 to March 31, 2049. Under the agreement, the City will purchase an average daily quantity of natural gas at a minimum discounted rate. At the end of each gas delivery reset period, the City has the right to elect not to purchase gas if the price of gas is above the minimum discount specified in the contract. The volume represents approximately 24 percent of the City's current requirements.

NOTE D – OTHER NOTES, CONTINUED

4. Major Customers

The City has one customer that was billed \$3,722,901 for electricity, \$2,096,013 for gas, and \$2,168,926 for sewer for the year ended September 30, 2018. This represents 10.1 percent of total electric billings, 16.0 percent of total gas billings, and 38.0 percent of total sewer billings, respectively, for the year ended September 30, 2018. (The billings represent 13.7 percent of total City utility billings.) In addition, one additional customer was billed \$1,695,185 for gas or 13.0 percent of total gas billings. These customers maintain a current status on monthly billings.

5. EPA Emissions Allowances

As of September 30, 2018, the City had 14,831 SO₂ Emissions Allowances related to the Lon D. Wright Power Plant. The EPA has granted these allowances, which can be used to offset plant emissions. The allowances can be bought and sold. Changes to federal regulation on SO₂ emissions that would eliminate the exiting credits resulted in a less than one-dollar market value for the credits available at year-end.

The Cross-State Air Pollution Rule (CSAPR) is intended to reduce overall nitrous oxides (NO_x) and sulfur dioxide (SO₂) emissions on a regional basis. Under CSAPR, facilities must provide allowances for each ton of NO_x and SO₂. The City had 2,847 Cross State Rule Group 2 SO₂ emissions worth \$3.25 per allowance and 573 Cross State Rule NO_x annual allowances with a value of \$2.75 per allowance at September 30, 2018.

6. Union Contracts

The City is subject to the following union contracts:

- International Brotherhood of Electrical Workers Local 1536 Unit 5 – effective October 1, 2017 – September 30, 2021.
- American Federation of State, County and Municipal Employees, AFL/CIO Local 251 – effective October 1, 2017 – September 30, 2021.
- International Association of Fire Fighters Local 1015 – effective October 1, 2017 – September 30, 2021.
- Fraternal Order of Police, Local No. 37 – effective October 1, 2017 – September 30, 2019.

7. Subsequent Events

The City entered into a financing arrangement with the State of Nebraska to construct a beltway joining US Highways 276 and 77 to the south east of the City. The City's contribution to the estimated \$40 million project is capped at \$20 million, which will be funded by a combination of Highway Allocation bonds and Street fund reserves. The first payment of \$6.67 million was remitted in December 2018.

The City issued Combined Utilities Revenue Bonds dated December 11, 2018 in the amount of \$40 million. Proceeds were used to pay for improvements at the wastewater treatment plant, an addition of anaerobic lagoons, and a new transmission line with Omaha Public Power District.

In March 2019, the City sustained flood damage to several buildings and roads in the southwest section of the City along the Platte River. The costs for damage repair and remediation for City properties is still underway. The City, State and Federal governments have made the necessary declarations of emergency to provide Federal Emergency Management Agency (FEMA) and Nebraska Emergency Management Agency (NEMA) cost reimbursements.

FOR THE YEAR ENDED SEPTEMBER 30, 2018

**Note A - Explanation of Differences between Budgetary Inflows and Outflows and
Modified Accrual Revenue and Expenditures**

The City prepares its budgets on the cash basis of accounting. Accordingly, revenues are recognized when cash is received by the City and expenditures are recognized when cash is disbursed. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this method of accounting, all unexpended appropriations lapse at the end of the budget year.

Amounts presented on the cash basis of accounting differ from those presented in accordance with the modified accrual basis of accounting due to the treatment of afforded accruals. A reconciliation for the year ended September 30, 2018, which discloses the nature and amount of the adjustments necessary to convert the modified accrual data to the budgetary basis, is presented below:

**Report on Internal Control over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

Independent Auditor's Report

Honorable Mayor and City Council
City of Fremont, Nebraska
Fremont, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Fremont, Nebraska (the City), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 26, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
